Crafting High-End Living Spaces | Manager @ Varun Beverage ltd | Expertise in Luxury Residential Project | Project Management | LSSGB I
Gurgaon, Haryana, India

Summary

I am a Civil Engineer with 9+ years of experience delivering luxury residential, high-end interiors, hospitality, and high-rise building projects across India. I currently work as Manager – Construction at Varun Beverages Limited, leading execution on a luxury farmhouse project. Project Leadership – Led multiple high-value projects including luxury farmhouses and premium residential developments, ensuring on-time completion within defined budgets, with prior turnkey project Vardan at Aamor Inox Limited spanning design coordination through final handover. Quality & Standards – Implemented rigorous QA/QC practices at La Sorogeeka Interiors, improving compliance and client satisfaction on pan-India projects. Stakeholder Management – Experienced working closely with clients, architects, designers, and subcontractors to align execution with vision, including direct coordination with project ownership and design consultants on current assignments. Process Optimization – Streamlined project workflows at OYO and La Sorogeeka Interiors, reducing delays and achieving faster go-live timelines. Team Development – Mentored site teams and conducted training programs, enabling higher efficiency and better quality outcomes. With a proven track record of delivering projects worth #700Cr+, I combine technical expertise, strategic planning, and a results-driven approach to craft high-end living spaces.

Experience

VARUN BEVERAGES LIMITED

Manager
January 2026 - Present (10 months)
New Delhi, Delhi, India

Project — Private luxury farmhouse construction, New Delhi

- Leading on-ground execution of a high-value luxury farmhouse project, reporting directly to the Project Director on owner-facing coordination.
- Managing procurement and vendor coordination across stone cladding, hardware, lighting, and interior fit-out scopes, including quantity takeoffs and PO reconciliation.
- Coordinating with architects, design consultants, and specialist vendors to align execution with the owner's vision and finish-quality standards.
- Driving documentation discipline through structured site visit minutes and progress tracking to maintain transparency with ownership.

Aamor Inox Limited
Construction Manager
December 2023 - January 2026 (2 years 2 months)
New Delhi, Delhi, India

Project— Luxury farmhouse construction project in New Delhi

- Spearheading the end-to-end execution of a high-value luxury farmhouse, overseeing budgets, schedules, and quality benchmarks.

- Coordinating with architects, clients, subcontractors, and regulatory authorities to ensure seamless communication and timely approvals.

- Optimized resource allocation (labor, materials, equipment), reducing project delays by 15%.

- Implemented advanced quality control measures, ensuring adherence to luxury design standards and flawless finishes.

- Proactively identified and mitigated risks, ensuring the project stays within timeline and budget.

La Sorogeeka Interiors
Senior Engineer
August 2021 - December 2023 (2 years 5 months)
Noida, Uttar Pradesh, India

Led pan-India luxury interior projects, acting as Internal Auditor & Quality lead for the Quality Management Department.

- Conducted quarterly audits and review meetings, improving compliance with ISO standards by 20%.

- Managed entire site operations—from project quality planning to handover—on projects worth #300Cr+.

- Reviewed BOQs, approved material submittals & ITPs, ensuring 100% adherence to specifications.

- Designed & delivered training programs, enhancing team productivity and reducing rework costs by 10%.

- Regularly interfaced with clients, architects, and designers to ensure quality aligned with their vision.

Sobha Ltd.
Senior Engineer
October 2020 - August 2021 (11 months)
Gurugram, Haryana, India

Project — Sobha City, Gurugram (Luxury Residential)

- Managed site execution across two simultaneous high-rise towers (A1 & A2), each comprising G+18 floors, covering finishing works in A1 and structural works in A2.

- Coordinated with contractors, subcontractors, and internal teams to ensure smooth parallel execution across both towers without compromise on quality benchmarks.

- Monitored progress against schedules, ensuring alignment between structural and finishing timelines across both blocks.

- Liaised with architects and design consultants to ensure execution adhered to Sobha's premium finish standards.

OYO
Project Lead
April 2019 - September 2020 (1 year 6 months)
GURUGRAM

- Led audits of potential hotel properties, preparing feasibility reports and accurate cost/service estimates.

- Executed multiple property conversions, achieving 19 on-time hotel launches in NCR region.

- Managed site execution, vendor coordination, and quality assurance to ensure premium guest experience.

- Collaborated with Finance, SCM, and Vendor Management teams to achieve cost savings of 12% in procurement.

Alokik Group
Site Engineer
April 2017 - April 2019 (2 years 1 month)
Dhanbad Area, India

- Oversaw the execution of 'The Haveli' project, comprising two G+10 residential towers and a G+4 commercial block.

- Supervised RCC & finishing works, ensuring compliance with safety & quality standards.

- Prepared progress reports & contractor bills, achieving zero-delay milestone billing.

- Coordinated with contractors & suppliers, enabling on-time delivery of critical materials.

College Laundry
Co-Founder
March 2016 - January 2017 (11 months)
Bhubaneswar, Odisha, India

- Founded and scaled an online laundry startup, serving 3 colleges within 3 months of launch.

- Managed end-to-end operations (team hiring, logistics, customer acquisition).

- Gained hands-on experience in entrepreneurship, operations, and client management.

M/s Jai Maa Durga Construction
Internship
December 2015 - February 2016 (3 months)

Dhanbad, Jharkhand, India

- Assisted in the construction of an S&T building and railway platform upgradation at Jamuniatand station.

- Coordinated with Indian Railways inspectors, ensuring timely completion and quality delivery.
